## CCCDA Announces Employee of the Quarter

Allyson Pewoski named recipient

MARSHALL, MI- Allyson Pewoski has a passion for helping people. Her role as Emergency Telecommunicator for Calhoun County Consolidated Dispatch Authority puts that passion into action.

To honor her accomplishments, Pewoski has been named CCCDA Employee of the Quarter. She began her emergency career in early 2019.

Pewoski said the Employee of the Quarter announcement took her by surprise.

“I was speechless,” said Pewoski. “I did not expect this recognition, but I am so grateful. I work with an amazing team and learn so much from them. I couldn’t have done it without them,”

Describing her short career thus far as ‘an adventure,’ Pewoski said she thrives under stressful situations and works hard to make sure her callers are heard.

“I was looking to be challenged and for something that I was proud of and excited to do every day,” said Pewoski. “Every day is a new experience. Even on the roughest days we show up. We still learn. We help people in some big ways.”

Dispatch Supervisor Kurnin Pace is proud of Pewoski and notes her compassion and empathy for the citizens and visitors of Calhoun County is visible every day.

“She goes above and beyond for her fellow employees and has become a great role model for our center,” Pace noted. “She has a great attitude every day when she comes into the center and strives for excellence.

The quarterly recipient is awarded a designated parking spot, a name on a plaque, a certificate of commendation and recognition by the CCCDA Board of Directors. In addition, quarterly recipients will be considered for Employee of the Year, an honor which will be announced in April in coordination with National Emergency Telecommunicator’s Week.
